

Middle School Clubs

the atthas

Wake up your inner comedian (stand up comedy club)

Thing that will happen in this club -

- Create your own jokes
- Create your own memes
- Main focus on skills of STAND-UP comedy
- Mock comedy shows to prepare for real ones
- With a spice of roasting...

OUR GOALS -

- Enhance students self confidence
- Enhance leadership skills & teamwork
- Kill stage fear

By - Pakhi Sinha , Suhana Jain

Code Club

What is code club?

We have entered the 21st century but are the students prepared for the ever-changing challenges? In the future, typical jobs like pharmaceutical worker, receptionist, cashier a pilot and many more will be replaced by AI. Jobs like being a data scientist, an animator, an information systems manager, an artist will be more relevant and also more popular. While being an artist is not everyone's cup of tea, we can do jobs like being a data scientist with ease as skills for that can be developed if given time and dedication. This is where we step in, We will make sure students have intermediate or more knowledge about coding so that they can realize their potential, and empower themselves and others.

What will we be Upskilling

PHOTOGRAPHY CLUB

- 1) SWBAT learn how to master any camera in less time.
- 2) SWBAT learn about exposure, shutter speed and ISO.
- 3) We will be able to learn about the lighting in a good Photo.
- 4) Basically, we all will step onto another level of photography.

A promotional graphic for the Photography Club. It features a dark blue background with a camera lens in the top-left, a dog in a red hat in the top-right, and a vintage camera at the bottom. The text 'Photography Club' is written in a white cursive font, with 'Unleash The Talent!' below it. Two yellow sun icons are placed near the text.

SCIMATECH CLUB

Math and Science Club Mission

To promote student interest in the disciplines of mathematics and science, providing enrichment opportunities for these subjects in our communities through extra curricular activities.

Do you love Science and Math?

Do you want to connect with other Math & Science enthusiasts in the community?

Then Scimatech Club is the place for you!

This is a safe space for Science & Math lovers.(within or without the math in major) to hangout, talk about science & math, solve puzzles, explore science.

We can also occasionally spread science & Math fun by community outreach events.

Middle School Model United Nations (MUN CLUB)

Problem-solving - Flex your brain muscles!
