

Respected team members,

We hope that you and your family members are keeping well!

We are delighted to share the International Baccalaureate (IB) Diploma Programme (DP) Results of Shiv Nadar School Gurugram for the exam session May 2023 which was released on 6th July 2023. This is our third batch who had started the programme with 19 students in June 2021 amidst the COVID-19 Pandemic. After one year of online schooling, though we were grateful to come back to physical school, we had continued intermittent disruptions and especially going back to normalcy with the full syllabus and whole range of assessment components have not been easy. Our students have shown continued resilience and self-regulation through the challenging research-oriented Diploma Program which culminated in the written exams in May 2023. We are extremely proud of them!

We heartily congratulate all our IB DP students and teachers of 2023 cohort for the hard work and sustained efforts against all odds. We would like to thank the parents and grandparents for their continued support and encouragement during this rigorous two-year journey.

**Student securing 3/3 in TOK/EE (full bonus points)**

**4 (Ishaan Jain, Samyak Surana, Aditi Kumar and Janhavi Makhijani)**

The highest grade in each academic subject of IB DP is 7 which portrays excellence in knowledge and understanding, in-depth conceptual and contextual awareness and reflective thinking. Our students have secured **17 grade 7's and 30 grade 6's across various subjects**, thanks to the wonderful guidance from the teachers.

IB DP has two externally assessed Diploma Programme Core elements - Theory of Knowledge and Extended Essay. Theory of Knowledge (TOK) is a course on critical thinking in which students inquire into the nature of knowing and deepen their understanding of knowledge as a human construction. It is an arduous task to secure the highest grade A in TOK - **3 of our students have secured A and 13 students have secured B in TOK**. Extended Essay (EE) is a 4000-word independent research piece on a topic in any subject chosen by the student, and it is equally challenging to secure the highest grade A in EE. **3 of our students have secured A and 5 students have secured B in EE**.

IB DP is a two-year academically challenging programme, widely recognised by universities across the world. The design of the curriculum enables the students in grades XI-XII to stretch their boundaries and aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. We are immensely proud of all 19 diversely talented IB DP students of our Batch of 2023 who have performed to the best of their abilities and have set high standards of the programme at Shiv Nadar School Gurugram.

We congratulate them once again and wholeheartedly celebrate their accomplishments!

Warm Regards,

Sriparna
