**Aryan Mishra**  
Grade XII, SNS Gurgaon

As an IBDP student, the rigor of the program is something I enjoy and thrive in. The in-depth research as part of my EE pushed me to go past my syllabus and indulge in topics I was interested in. The emphasis on lab work and practical learning through formal academic writing will prove to be incredibly helpful in my intended field of scientific research. CAS has allowed me to integrate sports, leadership, theatre, debate, and academic competitions into my curriculum and get graded for the same. The IBDP is a challenging curriculum in every aspect, but that is what allows me to step beyond.

**Naisha Arora**  
Grade XII, SNS Gurgaon

My IBDP journey has been a rollercoaster. With all the lows of burning the midnight oil came the exhilaration of seeing a task well done, of working on topics I'm passionate about. I had the opportunity to research the subjects I chose, present my opinions and perceive my areas of interest uniquely. Despite the unmatched rigour of the programme, it provides an environment where discussion and debate are appreciated and encouraged, creating an atmosphere conducive to free thought and opinion. Schoolwork has never been monotonous, and in hindsight, I've immensely enjoyed my IB DP journey.

**Naomi Pandey Grade XII, SNS Noida**

My journey in IB at SNS has been extremely fruitful and seamless. I appreciate how IB is holistic in approach and yet allows me to delve deeper into my areas of interest, so I can hone my research skills for university beforehand. The teachers here have been extremely helpful in mentoring, providing feedback and boosting the morale of the students. The library and fields on campus allow me to study in a space that is comfortable to me.

**Misha Oberoi Grade XII, SNS Noida**

My journey at Shiv Nadar School has been one of immense growth. The IBDP curriculum was the best fit for me since I wanted to delve deeper into the Arts. Over the years, I have become a compassionate student who understands the power of connection and community in one's school journey. This has been all thanks to the teachers who were kind to me on my worst days and the friends who made those days brighter.

**Tanusri Goel**  
Grade XI, SNS Faridabad

Studying the International Baccalaureate Diploma Programme has been a thought-provoking experience that has taught me the value of critical thinking, efficient work, and effective communication. As a student, I have developed various skills, including evaluating and analysing various situations, exploring my creativity, and avoiding the trap of memorising spoon-fed information. The comprehensive curriculum provides a holistic approach to learning, where students can demonstrate their skills in non-exam environments through group discussions, class presentations, essays, and more.

**Aarna Sharma**  
Grade XI, SNS Faridabad

My experience with the IBDP has been truly life-changing, as it has made me a more curious, introspective, and well-rounded learner. Although undeniably challenging, the programme pushed me beyond my academic and personal limits, resulting in improved academic performance and impacting various aspects of my life by making me more mindful and reflective in my actions and decisions. The Theory of Knowledge and CAS (Creativity, Activity, Service) components provided a platform for personal growth, expanding my worldview, and aiding my overall academic implementation.
